

DIAMOND KNOT CRAFT BREWING

621 Front St, Mulilteo, WA www.diamondknot.com

Celebrating our 20th anniversary this year, Diamond Knot has grown from a 300 square foot brewery to a mini-empire with three breweries, three full-service restaurants and a lively taproom at the Production Brewery. Distribution throughout Washington and Oregon and parts of Idaho and British Columbia gets our beers into the hands of many thirsty craft beer enthusiasts.

STORM SURGE WINTER ALE: A hoppy pale ale at its heart; we "stain" it wintry dark with Midnight Wheat malt. Complex, layered hoppiness comes from loads of Chinook, Cascade, Simcoe, and Columbus. 30 IBUs; 5.9% ABV

PPO DECK PALE ALE: Don't judge this beer by its name. It's our brand-new Pale Ale, consisting of 2-row pale malt, Cara-pils® Malt, Crystal malt and just a touch of flaked barley for some body. Galena hops are added for bitterness while dry-hopped with Apollo hops. 23 IBUs; 5.3% ABV
