

a nice honey-gold color and rich flavor. ABV: 7.2%

## **NORTHFORK BREWERY/PIZZARIA/BEER SHRINE/WEDDING CHAPEL**

6186 Mount Baker Highway, Deming, WA [www.northforkbrewery.com](http://www.northforkbrewery.com)

**THE NORTH FORK**

Take a trip out the Mt. Baker Highway to the 20-mile marker to visit a place that prides themselves in their dedication to beer. Their funky motif captures 100+ years of brewing history and yes, there is bona-fide clergy on the premises to perform custom weddings. Their traditional British ales are brewed in 100-gallon batches and transferred to open fermenters. They feature a rotation of brew selections, hand tossed pizza and other wonderful foods.

**SON OF FROG:** An English style ale brewed with goodly amounts of caramel and chocolate malts as well as the unique specialty malt, special roast. This wonderful beer is dark red in color and delivers a full malty finish.

**BERLINER WEISS:** A top-fermented, bottle conditioned wheat beer made with both traditional warm-fermenting yeasts and lactobacillus culture. They have a rapidly vanishing head and a clear, pale golden straw-colored appearance. The taste is refreshing, tart, sour and acidic, with a lemony-citric fruit sharpness and almost no hop bitterness.
