North Sound Brewery hales out of Mount Vernon, WA, and has been making fine beers for 2.5 years now. Known for our Hopsolute IPA and Goosetown Brown, we like to bring unique styles to brewfests like these to keep it interesting.

HOPSOLUTE IPA: Based on our popular fresh hop IPA, this is our year round version. It's been "hop-bursting" with Simcoe, Amarillo, and Citra so you get all the flavor and aroma with a balanced bitterness at the end. ABV: 6.41

GOOSETOWN BROWN : Slightly sweet, smokey and full bodied. Chocolate roasted and dark Munich malts give this beer a nice mahogany color and rich flavor. ABV: 7.21
