

## **OSKAR BLUES BREWERY**

1800 Pike Road Unit B, Longmont, CO [www.oskarblues.com](http://www.oskarblues.com)

Our funky little brew-pub that started over ten years ago by stuffing our huge, voluminously hopped mutha of a pale ale in a can (Dale's Pale Ale) not only began the craft-beer-in-a-can craze, but has grown to be a leader in colorADO and has added a brewery in Brevard, NC. Cans keep beer fresher, longer by eliminating the damaging effects of light and lessening ingressed oxygen while being infinitely recyclable and portable...taking them where your next soul saving adventure takes you.

**DALE'S PALE ALE:** America's first hand-canned craft beer delivers a hoppy nose, assertive-but-balanced flavors of pale malts and hops from start to finish. First canned ten years ago, our voluminously hopped mutha is a hearty (6.5% and 65 IBUs), critically acclaimed trailblazer that has changed the way craft beer fiends perceive canned beer. Dale's Pale Ale has been called "One of the quintessential American hoppy pale ales of our time", was named the "Top US Pale Ale" by the New York Times and is the #1 selling Pale Ale in colorADO.

**GUBNA IMPERIAL IPA:** Each year GUBNA takes on a personality of its own. We seek out the most exciting and best available hops from each individual season to create a potent and complex Imperial IPA. GUBNA is packed with Rye and North American Pale Malt and accented with Munich Malt to give a spicy and flavorful backbone to support loads of kettle hop driving the IBUs to triple digits. The 2014 GUBNA Seasonal is dry hopped with copious amounts of Sorachi Ace, Chinook and Mosaic hops creating a dank, dense nose and unique blend of lemon zest, red berries, spice, peach and herbs through a clean hitter finish.
